

This facility provides real time visibility of all your current price agreements with your buying organizations.

Any contract agreement you have in place will be reflected in the table for each selected buyer. All Purchase orders from your buyer will match your contract price and you can monitor this 24/7.

- 1 Select "Price Agreements" button in the main left hand menu.

- 2 Select the pull down menu and click the buyer you want to view your prices with.

- 3 Your Price Agreements screen for your selected buyer will now display all the current pricing listed against your price agreements.
